POLL

**Poll Winner**

FEATURED CANDIDATE

**Featured Candidate**

The winner of last issues Poll question is Jen Frankel

The question was: **Do you think Canadian Trading Platforms need to be modernized for global purposes?**

*I've never thought of Canada as a world leader in banking or trading - we always seem to come in second to New York, London and now China. If Canadian citizen's aren't seeing Canada as a world leader, how can we expect other countries to view us better than we view ourselves? Modernizing our trading platforms would not only make us better able to compete, but it would help us become more of a recognized power in the world. Especially if we're among the first.*

Jen has won a Tim Hortons gift card! Thank you to everyone who submitted responses.

## FEATURED JOB

### Featured Job: Software Engineer/Team Lead

Great permanent, full-time opportunity in Toronto with a world renowned International bank.
